A beautiful suite composed of Necklace, Earrings, Brooch, and Ring, made in Spain about 1760. *Chrysolite set in a silver leaf design.*

The opportunity to purchase in New York original pieces of Old Jewellery gathered chiefly from England, France, and Spain is now possible.

An inspection of the fine collection at the Crichton Galleries will be of great interest to those engaged in portraying authentic scenes from the days of long ago.

SMARTNESS PLUS . . .

HERE at Martin's it is smartness plus service. The boring ritual of most hairdressers is missing. Martin is a true artist; obviously there is no need for ostentation. Add to Martin's artistry, quiet efficient service—voila the perfect coiffure.

Write for booklet "The Head—A Study."
